Curriculum Vitae

Zofia Kowalska

Krakow, Poland - +48 601 555 013 - zofia.kowalska@mailbox-demo.com

About me

Hi! I'm Zofia, a full-stack engineer (typescript) with about 9 years of experience in fintech and media. I speak Polish (native), English (fluent). Tools I use: React, Node.js, TypeScript, PostgreSQL, AWS and JavaScript. Also good at: Event-driven systems, Jest, Playwright.

Experience

02/2019 - now: Full-Stack Engineer at PayFlux (fintech)
Designed, built and tested React, Node.js, TypeScript, PostgreSQL and AWS code for fintech clients, from database to UI.

06/2017 - 01/2019: Junior Front-End Developer at Wawel Interactive (media)
Shipped production features with JavaScript and React for a media product used by thousands of customers.

Education: M.Sc. Computer Science, AGH University of Krakow, 2017
